

Please don't take away KLove! I listen on 91.1 and I get so much encouragement from the Christian format. As a resident of Broomfield, I have very few Christian music stations to listen to. I think that replacing it with some other LPFM station would deprive me and my community of the support that is so vital to us. Listening to KLove is in the public service with the positive music and the fact the they spread the Gospel with their daily messages. Please allow us to keep KLove. Thank you.
